ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. **PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. Bids you send in are the maximum you are willing to pay for the coin. **WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

**YOU WILL WANT A PRICE LIST OF THIS SALE
TO KNOW WHAT COINS ARE BRINGING
PRICE LIST OF SALE \$1.00**

IS THIS YOUR FIRST AUCTION CATALOG?

Proof coins, currency and commemoratives seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand, at the time of the publication. **The estimated prices are entered only after careful examination of the results obtained in our past sales which reflect the actual and not theoretical value.** In the final analysis, you, the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated were we collecting. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING THESE
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.**

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN.

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You In Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then) we want to hear them. Having cataloged over one hundred forty successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know it all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 6c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid sheet**. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

DOUBLE EAGLES (\$20 GOLD)

One of the most representative collections to appear in our sales in quite some time. This series has become quite popular of late, no doubt due to the relatively low premiums at which they can be obtained compared to silver and minor coins. We cannot help but feel that all gold coins are very much underpriced in comparison to silver and minor coins; and now that many new collectors have started, they must inevitably rise to their proper proportionate values.

EARLY SILVER DOLLARS (INCLUDES 8 REALES)

Please note that this collection includes the Mexican 8 reales. This is quite proper as they are truly an American coin. In fact, they circulated more commonly in what is the present United States than the United States coins, themselves. The Colonial notes frequently were in values of Spanish Milled Dollars (after which the United States dollars were patterned.) The 8 reales were legal tender in the United States until 1857. We advise acquiring some of these 8 reales (both Pillar and Bust type) before they advance in value.

CURRENCY

We note new records are being set from month to month, especially on the scarce and rare notes. Dealers' stocks are practically non-existent with the exception of the common notes. Our records indicate that approximately 50% of the notes in our last few sales were purchased by dealers. We have checked our cash buying prices with the 1953 Standard Catalog of Paper Money and find that we are already paying over full catalog for over 100 different notes; and each month finds us adding a few more to this rapidly rising group.

Now very popular with new records being set each month. Many are fast approaching the "non-obtainable" status in choice condition. Prices appear to be somewhat undervalued in comparison with coins; a situation which is fast righting itself.

SMALL SIZE FEDERALS

Collectors are now beginning to wake up to the fact that very few of these notes have been laid aside and that the true rarity of most signatures is yet to be determined. Here is an opportunity to get in on the "ground floor" before prices really start to climb.

1914 FEDERAL RESERVE NOTES

Until recently all 12 banks and signatures were "lumped together" due to the limited demand; now the 1953 Standard Catalog lists individual banks and signatures. While an attempt has been made to price some of the scarcer banks and signatures there are still many "sleepers" which will show up when an attempt is made to complete the entire series. We believe it is part of a cataloger's job to point out market trends; this we shall attempt to do to the best of our ability. Please re-read our catalogs of a year or two ago and note the over 90% accuracy of the trends and predictions which have followed.

NATIONAL GOLD BANK NOTES

Issued in the proportion of about 1 to 1500 regular banks. Virtually all of very few specimens that still exists are in poor to fair condition. Uncirculated specimens, so far as we know in our twenty-odd years as professional numismatists, do not exist. Fine specimens, on rare occasions when large collections come upon the market, are about as choice as can be expected to be available.

LARGE CENTS

Since the publication of Dr. Sheldons book on large cents, the amount of collectors has substantially increased, possibly doubled. Naturally, this is reflected in a sharp upward trend in prices. Judging from present demand and the small supply of choice specimens available, present prices are much too low, especially for the earlier pieces in choice condition.

FOUR DOLLAR STELLAS (\$4 GOLD)

A proposed coin for international use being approximately equivalent to the French and Swiss 20 francs, the Italian 20 lire, the Austrian 8 florins, Spanish 20 pesetas and Dutch 8 florins. The coinage committee, which favored the adoption of the four dollar piece, was of the opinion that all coins should have a specific name. Therefore, the name "Stella" (after the star on the reverse; the star and the eagle both being National emblems on our coins). A limited amount (415) of the 1879 with flowing hair was struck in gold and given out to the President, Cabinet and members of Congress to influence them favorably in having the coin authorized. Even tho the Coinage Committee was very much in favor of the adoption of this beautiful coin, for some unknown reason the proposed coin did not meet with the approval of Congress.

2393—1879	FLOWING HAIR, BRILLIANT PROOF. Altho 415 were originally struck, we doubt if more than 200 are in existence today. Of these few still in existence, only a fraction remain in the original state of preservation. VERY RARE AND RAPIDLY RISING IN VALUE.	\$750.00

BRICK TEA MONEY OF CHINA (& TIBET)

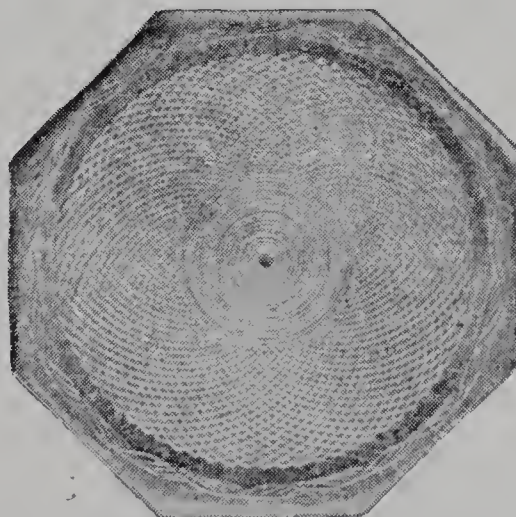

2689—BRICK TEA MONEY	13½ inches by 7½ inches by 1½ inches, Chinese characters and identifying marks. Brick tea money, in spite of its weight and inconvenience, was preferred by traders and travellers in China and Tibet. This preference for a full-bodied rather than a token currency is fostered by the experiences of the peoples of the hills in dealing with the wily Chinese traders, to whom all intricacies of adulteration of silver and manipulation of scales are familiar. It was also used in Russia and Siberia. A choice specimen. RARE.	450.00
